What Is FYP

No one claiming the responsibility of #fyp and “for you”
-our deeply misaligned world. Hence we youth are.

ForYouPage.Org (FYP) is a youth-led nonprofit, a mental health advocacy hub & infrastructure, and a story of **what "For You" truly means - who we can truly become.**

We're **a fierce, authentic, risk-taking community** on a mission to prove to you that, amid world crises, this generation can be more than just depressed, that we can make it better, that **agency, compassion, and kindness triumph.**

Our Story: Born from a late-night half drunk remembered conversation and a \$30 thrift store couch, started in 2023, FYP has exploded into a global collective of over 30,000 youth across 6 continents. From advising world leaders to battling national injustices and serving local-in-need free meals, we're everywhere – and we always are.

What Makes FYP

100% youth-led, 100% volunteer-driven
Radically **transparent**
(check our wiki for nft proof)
Zero monetary incentives
we run on pure agency and **red bull**
Authenticity as our north star
and fun as the backup star
Open-source knowledge hub
because gatekeeping is too much work
